

HAV/ALON[®]
KNIVES

THE MOST TRUSTED BLADE IN THE FIELD FOR OVER 15 YEARS

When we set out to make a knife it has to stand for something. It has to fill a need, and it has to work. Our catalog doesn't have hundreds of models to choose from and that's exactly how we planned it. Each of our knives is meticulously engineered and refined to be the best tool for the job it's designed for.

Our first line, the Piranta knives, was created over 15 years ago utilizing the knowledge gained from over 25 years in the medical industry. Our world-class surgical blades created a new, more efficient way to field dress animals. Since then every item we've added was created to solve a problem plaguing our fellow outdoorsmen.

We don't just make knives,
we make Havalon Knives.

PIRANTA
**KEEP IT
 SHARP.
 KEEP IT
 SIMPLE.**

PIRANTA-
ORIGINAL

The original Havalon knife and still the top choice of guides and taxidermists. Nearly indestructible bead-blasted stainless steel handle. Open length is 6-3/4". Includes seven total 60A® blades, a nylon holster, and a blade remover.

XTC-60AKNP

PIRANTA-
BOLT

A vibrantly colored ABS plastic handle makes the Bolt easy to find no matter where you set it down. Open length is 7-3/8". Includes seven total 60A® blades, a nylon holster, and a blade remover.

THE NEW
 PIRANTA-
ECHO

Havalon's world class surgical quality blades have defined what users expect in a replaceable blade knife. The over 40 years of knowledge utilized to make our blades, was focused to make the Piranta-ECHO, our first surgically inspired Havalon handle. The ECHO is made of surgical quality stainless steel so it's strong, light, and easy to keep clean. It comes with a convenient holster designed to hold the handle, extra blades, a blade remover, and a blade holder.

- Includes:
- Surgical quality stainless steel handle
 - 6 Havalon 60A® Blades
 - Blade Holder
 - Blade Remover
 - Nylon Holster

XTC-ECHO

PIRANTA-
EDGE

This iconic knife has been the gold standard for 15 years. Military grade polymer in blaze orange. Open length is 7-1/4". Includes seven total 60A® blades, a nylon holster, and a blade remover.

XTC-60AEDGE

PIRANTA-
Z

Same design as our top selling EDGE featured in an all-black military grade polymer. Open length is 7-1/4". Includes seven total 60A® blades, a nylon holster, and a blade remover.

XTC-60AZ

BLADE REMOVER

The Havalon Blade Remover has made changing the blade on your Havalon Piranta easier than ever before. Just snap it around the blade, press, and pull! Includes six Blade Removers.

BRC-4P

FORGE

The only Havalon knife with a rubberized handle for maximum grip. ABS polymer frame with non-slip TPR rubber grip covering. Open length is 7-7/8". Includes seven total 60A® blades, a nylon holster, and a blade remover.

PIRANTA BLADES

60A® Our number one selling blade. Comes with every Piranta knife. 20% thicker and 30% stronger than the original 60XT® blade to reduce breakage. Stainless steel. Length 2-3/4".

60XT® Our original "extra thick" surgical-edge blade. Stainless steel. Length 2-3/4".

70A® The same thickness as our 60A® with a blunt tip to prevent any accidental damage while caping. Stainless steel. Length 2-3/4".

GH The sharpness of a Havalon now on a Gut Hook. Makes gutting easier than ever before. Stainless Steel. Length 2-5/8".

22XT The carbon steel 22XT features a blunt tip to prevent poking holes in your work. Length 2-1/8".

22 Popular with taxidermists for caping and very fine cutwork. Stainless steel. Length 2-1/8".

SB The Evolve Saw Blade provides unmatched sharpness on a saw. Great for work around camp. Stainless Steel. Length 2-3/4".

JIM SHOCKEY
SIGNATURE EDITION
TITAN

A knife built for Jim Shockey has to be able to do it all – and it does. The Titan features Havalon's revolutionary Quik-Change blade system on one end and a Cryo hardened AUS8 blade on the other. This combination gives you the unmatched sharpness of a Havalon blade and the strength of a traditional fixed blade all in one tool. The Titan's military-grade polymer handle's open length is 7-3/4" with 60A® blade. Pack includes seven 60A® blades, a blade remover, and a zip holster.

EVOLVE

The Havalon Evolve was designed with one thing in mind; create a more efficient hunting experience. No longer will hunters have to go into the woods with a pack full of tools (screwdrivers, sharpeners, gut hooks, and knives).

The Evolve features just the tools a hunter needs in the woods; a knife (Havalon Piranta Quik-Change fitment), replaceable saw, fixed gut hook, pliers/wire cutters/strippers, and a universal bit driver. The 4-1/2" stainless steel Evolve handle also comes with a flathead/Phillips reversible bit and room to store two more 1/4" bits of any variety.

-  **BLACK/BLAZE ORANGE**
Includes six 60A®, two saw blades, a blade remover, blade holder, and a Havalon Zip Holster.
XTC-60AMT1
-  **SHOCKEY SIGNATURE SERIES.**
Includes six 60A®, two saw blades, a blade remover, blade holder, and a Shockey Signature Zip Holster.
XTC-60AMTS

XTC-127EDGE

----- INTERCHANGEABLE BARACUTA BLADES -----

Micro-honed stainless steel blade for filleting fish and deboning game. Length 5".

Stainless steel skinning and deboning blade is micro-honed to be surgically sharp. Length 4-3/8"

Stainless steel saw blade provides the best combination of durability and sharpness to cut through the bone and brush. Length 4-3/8".

REDI
FOR
ANYTHING.

HAVALON REDI

It took over three years of R&D to create the first Havalon EDC. The REDI features the all new REDI-Lock replaceable blade system, which lets you easily swap between styles of semi-permanent AUS-8 steel blades. Unlike the original Piranta line, REDI blades are designed for extended use and abuse, and can even be re-sharpened. Each REDI comes with two drop point blades (one with partial serration), a blade holder for extra blade storage, and a T5 Torx bit so you can reposition the pocket clip. The innovation doesn't stop there, as the REDI is also the first Havalon to have spring assist for smooth, one hand opening.

Includes:

Two drop point blades (One with partial serration)

Blade Holder

T5 Torx bit to adjust pocket clip

HAVALON TALON

FEATURING QUIK-CHANGE II INTERCHANGEABLE CUTLERY SYSTEM

The Talon is the first replaceable blade knife to feature the Quik-Change II Interchangeable Cutlery System. Quik-Change II is an internal locking mechanism which allows users to seamlessly change blades without losing any cutting area. Its adaptable design allows it to fit any style of blade big or small with the press of a button. The 5-1/4" military grade polymer Talon handle also features a removable back panel for easy clean up after filleting or processing, and it comes with a rugged roll-pack to store a variety of blade styles and sizes.

TALON FISH SET
Includes Two 7" Fillet blades, one 5" Fillet blade and one Serrated blade.

XTC-TF

TALON HUNT SET
