## THE MOST TRUSTED BLADE IN THE FIELD FOR 15 YEARS

When we set out to make a knife it has to stand for something. It has to fill a need, and it has to work. Our catalog doesn't have hundreds of models to choose from and that's exactly how we planned it. Each of our knives is meticulously engineered and refined to be the best tool for the job it's designed for.

Our first line, the Piranta knives, was created over 15 years ago utilizing the knowledge gained from over 25 years in the medical industry. Our world-class surgical blades created a new, more efficient way to field dress animals. Since then every item we've added was created to solve a problem plaguing our fellow outdoorsmen.

This pursuit led us to create our very first Every Day Carry knife over three years ago, and after hundreds of hours of design, engineering, and testing, the Havalon REDI is finally here. We could've churned something out faster, but putting our name on a knife means everything to us and we refuse to cut corners. We don't make just another knife, we make Havalon Knives.

## PIRANTA- EDGE

This iconic knife has been the gold standard for 15 years. Military grade polymer in blaze orange. Open length is 7-1/4". Includes 13 total 60A blades, a nylon holster, and a blade remover.

**XTC-60AEDGE**

## PIRANTA- Z

Same design as our top selling EDGE featured in an all-black military grade polymer. Open length is 7-1/4". Includes 13 total 60A blades, a nylon holster, and a blade remover.

**XTC-60AZ**

## PIRANTA- ORIGINAL

The original Havalon knife and still the top choice of guides and taxidermists. Nearly indestructible bead-blasted stainless steel handle. Open length is 6-3/4". Includes 13 total 60A blades, a nylon holster, and a blade remover.

**XTC-60AKNP**

## PIRANTA- BOLT

A vibrantly colored ABS plastic handle makes the Bolt easy to find no matter where you set it down. Open length is 7-3/8". Includes 13 total 60A blades, a nylon holster, and a blade remover.

## PIRANTA BLADES

**#60A**

Our number one selling blade. Comes with every Piranta knife. 20% thicker and 30% stronger than the original #60XT blade to reduce breakage. Stainless steel. Length 2-3/4".

**#60XT**

Our original "extra thick" surgical-edge blade. Stainless steel. Length 2-3/4".

**#70A**

The same thickness as our 60A with a blunt tip to prevent any accidental damage while caping. Stainless steel. Length 2-3/4".

**#GH**

The sharpness of a Havalon now on a Gut Hook. Makes gutting easier than ever before. Stainless Steel. Length 2-5/8".

**#22XT**

The carbon steel #22XT features a blunt tip to prevent poking holes in your work. Length 2-1/8".

**#22**

Popular with taxidermists for caping and very fine cutwork. Stainless steel. Length 2-1/8".

**#SB**

The Evolve Saw Blade provides unmatched sharpness on a saw. Great for work around camp. Stainless Steel. Length 2-3/4".

## FORGE

The only Havalon knife with a rubberized handle for maximum grip. ABS polymer frame with non-slip TPR rubber grip covering. Open length is 7-7/8". Includes seven total 60A blades, a nylon holster, and a blade remover.

## NEW HAVALON REDI

It took over three years of R&D to create the first Havalon EDC. The REDI features the all new REDI-Lock replaceable blade system, which lets you easily swap between styles of semi-permanent AUS-8 steel blades. Unlike the original Piranta line, REDI blades are designed for extended use and abuse, and can even be re-sharpened. Each REDI comes with two drop point blades (one with partial serration), a blade holder for extra blade storage, and a T5 Torx bit so you can reposition the pocket clip. The innovation doesn't stop there, as the REDI is also the first Havalon to have spring assist for smooth, one hand opening.

Includes:

Two drop point blades (One with partial serration)

Blade Holder

T5 Torx bit to adjust pocket clip

## EXP

The all black design and Tanto style blade of the EXP is tactically inspired, but what sets this knife apart from other EDC and tactical knives is the addition of the Havalon Quik-Change fitment. The 4-1/2" military grade polymer handle is ideal for hunting or everyday use. The EXP pack includes 13 total 60A blades and a blade remover, and a nylon holster.

## EVOLVE

The Havalon Evolve was designed with one thing in mind; create a more efficient hunting experience. No longer will hunters have to go into the woods with a pack full of tools (screwdrivers, sharpeners, gut hooks, and knives).

The Evolve features just the tools a hunter needs in the woods; a knife (Havalon Piranta Quik-Change fitment), replaceable saw, fixed gut hook, pliers/wire cutters/strippers, and a universal bit driver. The 4-1/2" stainless steel Evolve handle also comes with a flathead/Phillips reversible bit and room to store two more 1/4" bits of any variety.

**BLACK/BLAZE ORANGE**  
Includes six 60A, two saw blades, a blade remover, blade holder, and a Havalon Zip Holster.

### XTC-60AMT1

**SHOCKEY SIGNATURE SERIES.**  
Includes six 60A, two saw blades, a blade remover, blade holder, and a Shockey Signature Zip Holster.
